

# Winter 2016 Directive

## Part 3: US Presidential Election

2017 started with the inauguration of Donald Trump as the 45th President of the United States. Special Reports received during the election campaign and following the inauguration have been added to the Mass Observation Archive as Part 3 of the Winter 2016 Directive

The Spring 2017 Directive (Directive no: 108) will ask observers to write about current world events, since one of the aims of Mass Observation is to capture the contemporary. One of the suggested subjects will be President Trump in Office; the travel ban and recent undoing of climate change policies.
